HOW DOES LIBERTYRx WORK?

- The LibertyRx PRESCRIPTION CARD is a one of a kind single pay REDUCED-FEE-FOR-SERVICE PLAN. The plan works as a membership similar to AAA, Costco, Sam's club, etc. The plan provides two unique providers:
 1. Live pre-negotiated pricing on our website for walk-in pharmacy customers. We adjudicate the drug companies' rebates by deducting the rebate from our member's price at the point of sale.
 2. Our LibertyRx Mail order is able to save our members hundreds to thousands of dollars per year using the convenience of home delivery. LibertyRx is NOT an on-line pharmacy.
- Must be under doctor's care.
- Must submit a doctor's Prescription.
- Cannot be for more than 90 days.
- Must be for personal use.
- **Can not ship control substance.**
- Liberty is DMPO compliant and markets in all 50 states and Puerto Rico.
- LibertyRx does not interfere with any prescription plan, it helps seniors in the donut hole and seniors outside their Med –D formulary.
